FOUNDER'S MESSAGE

Hello fellow dog lover,

Every year the ranch grows and every year we save more lives because of your incredible support. In fact we have now rescued more than 41,000 dogs and united countless families with their new forever friends.

With our growth we have become a global voice for the protection and proper treatment of dogs. Media coverage of our rescue of Miracle, the dog trapped beneath hurricane debris in the Bahamas, allowed us to spread the word that the Bahamas animals were in desperate need of help to millions of TV, magazine, newspaper and internet viewers around the globe.

From the Oval office in the White House I participated in a Presidential signing of the first U.S. law that makes animal abuse a federal crime. While there I personally asked the President to help us end the horrible China meat trade, an industry which commits untold atrocities each day.

In fact Big Dog Ranch Rescue sends teams to China on a regular basis to bring back precious lives that had been earmarked for slaughter houses. Our system of photographing dogs and creating their biographies in Asia prior to flying them here means that many are already adopted prior to their arrival. In addition, many breeds not readily available from the states find loving homes with families who have made specific requests.

As you can imagine this important work highlighting global animal abuse as well as deployment of rescue teams to disaster areas to feed family pets and rescue endangered shelter dogs comes at a cost. But the work we do is amplified as more and more people become aware of the issues and the real need to help a neighbor following a disaster who can barely feed their family let alone a much beloved pet.

We also believe in giving back to our community through education and support. From a new Veteran Service Dog Program to visits to nursing homes, from teaching the importance of spay neutering to the next generation to helping seniors care for their pets when they are unable, Big Dog Ranch Rescue is here for our neighbors.

I hope you will continue to "adopt" Big Dog Ranch Rescue as you're most important charity and that you will tell your friends about our mission. Your financial support allows us to continue daily operations and to shelter, heal and feed 500 dogs and 100 puppies each day. Please insure we can continue to save these precious dogs by donating now or setting us a monthly sponsorship to help us meet daily operational costs as the largest cage-free, no-kill rescue in the United States. I hope you will visit us and volunteer, foster or adopt.

Dog rescue is a 24/7 calling. We won't rest until every dog has a loving family and we end dog homelessness forever.

Gratefully, Laaree Simmons Founder and President, Big Dog Ranch Rescue

CELEBRITY CHEFS FOR CANINES

SUNDAY, APRIL 28, 2019

The way to spend a Sunday evening ! Enjoy foods prepared by the most renowned Chefs in the world! The Delray Beach Marriott hosts a culinary journey that begins with a variety of drinks and specialty dishes offered through-out the event area. As guests sample the foods they also enjoy live performers, view luxury auction items, and experience a variety of activities. An incredible seated dinner prepared by a celebrity chef follows as fine wines and live entertainment accompany the meal. Another premiere sell out in-season event.

BIG DOGS VALENTINE'S NIGHT OUT

FRIDAY, FEBRUARY 14, 2019

A romantic evening under the stars was both promised and delivered on Valentine's Night at the Inaugural Event held in the Big Dog Ranch Ballroom tent. Guests enjoyed cocktails outside in the Meet and Greet Pavilion, as singer/songwriter Wyatt Espalin entertained on a beautiful February 14th evening. Inside the western-themed Ballroom, guests watched in amazement as celebrity dog trainer, Sara Carson and her rescue Border Collie, Hero did backflips, front-flips and even jumped rope with one lucky guest. Ceremonies were hosted by Sirius-XM Prime Country and Surf Radio Host Kim Ashley. Danielle Bradbury, Season 4 Winner of the Voice and 2019 ACM New Female of the Year Nominee travelled from Nashville to perform for us and our dogs!

BARK BASH

FRIDAY, DECEMBER 6, 2019

The season started again this year with a bash, the 11th Annual Winter Bark Bash. Trump National Golf Club, played host to the event held on December 6. Old friends reunited and new friends bonded over cocktails and tasty treats during the reception. Emcee duties were handled by WPTV entertainment reporter, T.A. Walker. Live music from the Spazmatics, put space on the dance floor at a premium. A special hello to our yearlong mascot named that evening, SLU Chaifetz and a very special appearance by the most famous dog in the world, Miracle and his new family.

BARKS & BREWS

FRIDAY, OCTOBER 11, 2019

Over 300 supporters of Big Dog Ranch Rescue — some accompanied by their own canine companions — enjoyed unlimited beer tastings and food samplings at the second annual Barks and Brews at Downtown at the Gardens.

WINE, **WOMEN & SHOES**

MARCH 9, 2019

Wine, Women, & Shoes is the premier midday event and the largest fashion show of the season featuring the hottest designers, fine wines, incredible shoes, and culinary masterpieces. Guests enjoy unequalled shopping experiences at the poolside boutiques, then go inside the elegant grand ballroom for live entertainment, lunch, the sexy and sophisticated runway event, and the celebrity doggie fashion show. An after party boats the worlds'

biggest chocolate bar and more opportunities to relax following a busy day. Guests leave with gift bags loaded with unique items and fashion accessories. Held each year at The Mar-a-Lago Club in Palm Beach. The event sells out weeks in advance so purchase your table or line up a sponsorship for your company now.

ADOPT

Big Dog Ranch Rescue adopts out dogs to loving homes across Florida and out of state. We like to say, " Adopt one, save two". When you become a forever family for one of our dogs, you save his or her life! You also clear a spot for us to save another dog.

FOSTER

Every fostered dog allows us to save another dog's life. Many of our dogs are rescued from high-kill shelters that often have very short stay timelines - sometimes as brief as a few days - before an adoptable dog is euthanized. Our mission is to save dogs from that fate. The more foster homes we have, the more dogs we can save. Foster homes provide safe, temporary homes while transitioning to their permanent homes. Fostering a dog also increases the chances of adoption by acclimating the dog into home living environments.

VOLUNTEER

At Big Dog Ranch Rescue, we love our volunteers. Their support of our staff and our dogs is crucial. There are so many ways to volunteer. Whether you offer clerical support to our staff, assist with adoption and fundraising events, walk our dogs, or participate in our Veteran Service Dog Program, you can make a difference. As a volunteer, your time and commitment make this labor of love possible.

DONATE

Use your social influence to expand our reach! Follow us and share our posts! Help us find forever homes for our dogs!

ACTUAL COST OF SAVING A DOG

\$500- \$1,102.32

Saving a precious, loving, dog's life is priceless. But there are many expenses involved, including:

- 🐾 Transportation and all costs associated (gas, transporters, staff)
- 🐾 Temporary quarantine boarding for out-of-state emergency rescues
- 🐾 Intake exam
- 🐾 Treatment of heartworm-positive dogs (90-day treatment plan and medicine)
- 🐾 Medicine and supplies for other medical conditions
- 🐾 Spay/neuter surgery and after care
- 🐾 Specialty surgeries when necessary
- 🐾 Staffing (1 person for every 12-15 dogs) well beyond the industry standard
- 🐾 Facility and operational costs - including utilities, insurance, and maintenance
- 🐾 Caring for the dog while he or she waits for a forever home

"I adopted a China dog back in November, and I just want to say I am so in love with her! She went by "Angel" at BDRR, but I renamed her "Lucy" because she is spunky, friendly, and mischievous. In the sun, her hair looks reddish. She's learned to sit and lay down so far - and we are working on more commands. But, it's a good start so far! The best part of my holidays this year was seeing how my family really accepted her! She was just soaking up so much love and attention!"

GIVE TODAY

EACH YEAR WE SAVE DOGS FROM CERTAIN DEATH,
PLACING THOUSANDS INTO LOVING FAMILIES.

OUR VISION

CREATING THE PERFECT PLACE FOR DOGS AND FAMILIES

We believe that every dog should have a happy home. While our rescues are recovering with us, we want to make every day special to show them what a loving Forever Home with you would be like. At Big Dog Ranch Rescue, we are committed to finding families ready to open their hearts to joy, companionship, and growth - all wrapped up in one furry package.

ADOPT, FOSTER, OR DONATE TO HELP US BUILD THE LIFE OUR RESCUES DESERVE.

OUR MISSION

Our Mission is to save 5,000 dogs each year, to heal and place them with loving families, and to educate people about proper dog care and the importance of spaying and neutering.

WHO WE ARE

Big Dog Ranch Rescue is a uniquely structured, designed, and effective organization. We are a vibrant, 33-acre, cage-free campus - designed and constructed to meet the needs of large and small rescued dogs of all breeds. From puppies to seniors, Big Dog Ranch Rescue is a loving, transitional home. With over a decade of professional and careful planning, our Founder & President, Laaree Simmons, has "reimagined" the entire process from rescue to placement - creating a community and dog lover's destination.

Dog Rescue is a 24/7 calling.

IN JUST OVER
10 YEARS, WE'VE
SAVED MORE
THAN 41,000 DOGS.

TOGETHER WE CAN SAVE MORE

CAMPUS AMENITIES

Big Dog Ranch Rescue is a 33-acre property evolving as the nation's premiere cage-free rescue facility. The campus and our programs are designed to encourage active, high-touch engagement with humans and other dogs. Our campus plays a pivotal role in successful adoption transitions. The Big Dog Ranch Rescue environment teaches dogs how to thrive in homes.

HEALTHY IS HAPPY

Big Dog Ranch Rescue guests begin their stays with comprehensive medical and dental evaluations, followed by appropriate treatment and therapy. A healthy dog is a happy dog - and a happy dog is a welcome pet.

We have world-class veterinarians, caregivers, and staff

State-of-the-Art Intake/Quarantine Facilities where potentially sick dogs are quarantined to eliminate any chance of cross-contamination with healthy dogs. They receive basic wellness care and vaccinations and are prepared for spay/neuter/microchip before moving to one of 90 12x12 cage-free bunk rooms.

Gold-standard Veterinary Healing Center provides routine and life-saving services to injured and ill dogs. At Big Dog Ranch Rescue, we spay/neuter, vaccinate, microchip, groom, and treat any medical conditions necessary to ensure the health and well-being of each dog. We also provide specialty surgery when needed.

A LOVING TRANSITIONAL HOME

Once medically cleared for adoption, our happy, healthy dogs continue preparation for their forever families. They enjoy a homelike environment in one of our 12x12 climate-controlled cage-free bunk rooms that open to a half-acre, synthetic turf play yard. Dogs are placed in play groups with other dogs of similar temperaments to play, exercise, and receive one-on-one training as needed. Shade trees, sprinklers, toys, and lots of synthetic turf and pools add up to fun, clean, mentally stimulating environments.

When the time comes for dogs to interact with potential owners, they do so in our Meet and Greet Pavilion. In this authentic backyard setting, dogs exhibit their natural tendencies and personalities. The pavilion gives potential owners a chance to introduce dogs they may already have to the dogs they are considering adopting.

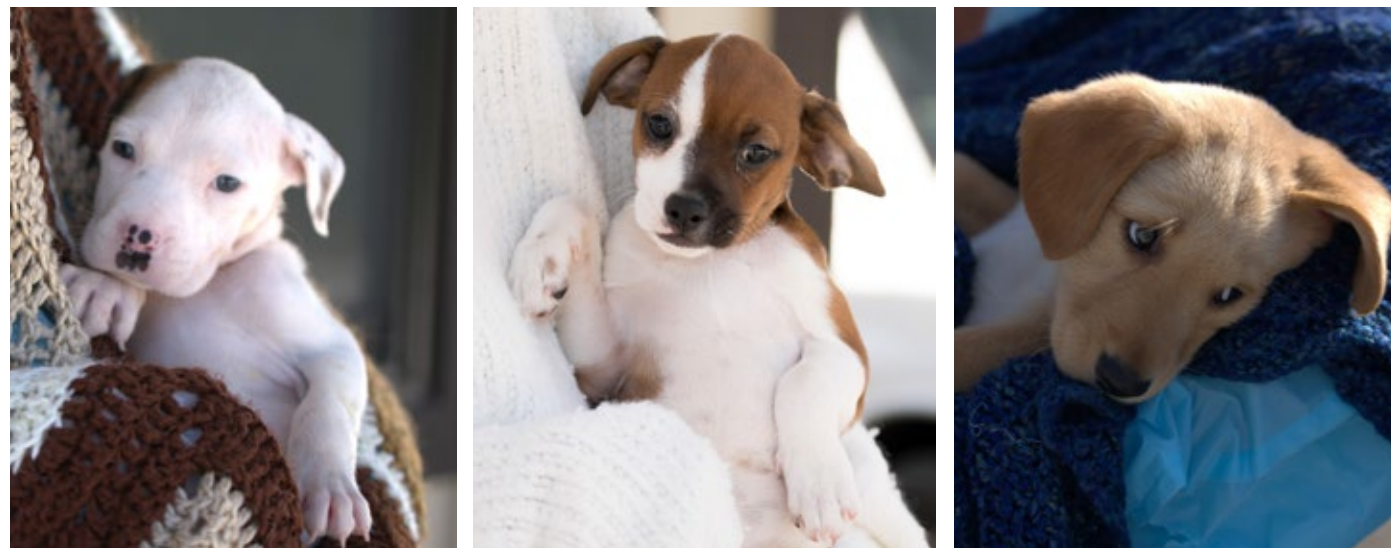

First and foremost, your rescue, meaning the people and the grounds of which the rescue runs on are incredible! The staff, despite being very busy, were able to give complete professional assistance to my family. I have already sent folks your way! Your facility is very clean, and I was amazed on how clean it was. If scored 1-10, your facility and the people that run it would get a 20! I am not very easily impressed but I do give compliments where they are deserved. Tahoe is nothing short of incredible and amazing! I am absolutely amazed with his intelligence and behavior at an "infant" age - he absolutely blows my mind! He has grown a lot in just a short period of time, and he has taken all of us in and has made our home fulfilled once again - after losing our other dog of 14 1/2 years. He has all of us wrapped around his little paw, and I can only say I look forward to many, many, many years with Tahoe! Thank you and your staff for providing excellent care to my family! God bless you all!

-Bruce Blauvelt

CREATING THE PERFECT PLACE FOR DOGS AND FAMILIES

We believe that every dog should have a happy home. While our rescues are recovering with us, we want to make every day special to show them what a loving Forever Home with you would be like. At Big Dog Ranch Rescue, we are committed to finding families ready to open their hearts to joy, companionship, and growth - all wrapped up in one furry package.

ADOPT, FOSTER, OR DONATE TO HELP US BUILD THE LIFE OUR RESCUES DESERVE.

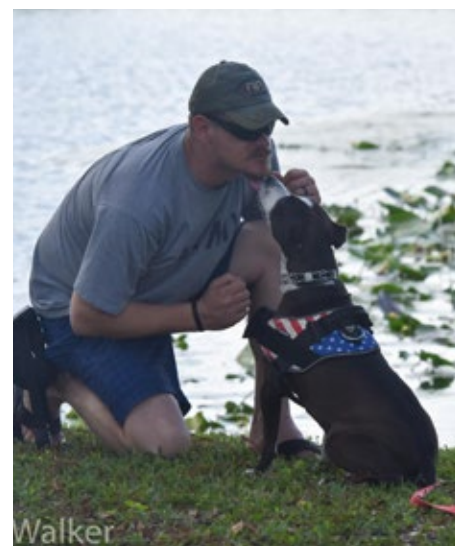

"My experience with BDRR was wonderful! Daisy brings us so much joy and love to our family! We absolutely adore her. I always tell everyone about your organization and how great you all are. I follow you on Facebook and Instagram already. I only wish I lived closer to help volunteer, but it's quite a ride. Thank you for all that you do for the dogs! God bless."

-Debra Grippio

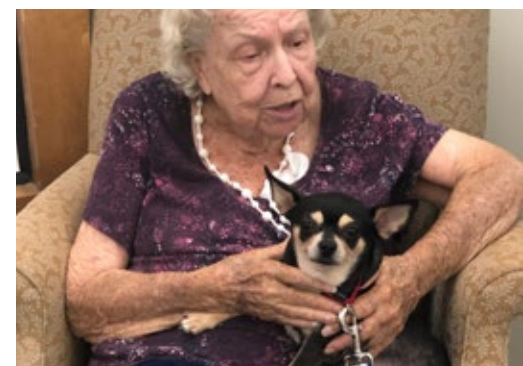

VETERAN DOG TRAINING PROGRAM

At Big Dog Ranch Rescue, we are extremely grateful for the service of our veterans and active military. We strive to achieve optimal health benefits for veterans with dog-to-human interaction, socialization, and community involvement. We also offer reduced adoption fees and dog boarding to all military members and first responders. That's why we decided to roll out our Veteran Service Dog Training Program. This program allows our veteran dog trainers to prepare our dogs to become service dogs for veterans with PTSD. We are building a 3,400 square-foot training center for this purpose. Our goal is to have 50 dogs graduate this year, and ultimately work our way up to 250 dogs per year.

SENIORS FOR SENIORS PROGRAM

The mission of the Seniors for Seniors Program is to harness the power of love and healing by uniting senior citizens with senior dogs. This program was created to address the one of the most at-risk categories of canine populations - senior dogs who are 7 years or older. This volunteer-supported program consists of two opportunities. The first opportunity is our supported adoption program, which matches senior dogs with senior citizens. Our goal is to place 250 dogs with senior citizens each year. The second opportunity is a visitation program that is designed to promote love and companionship in the most supportive way. We are looking for sponsors and volunteers to help launch this valuable program.

CHINA DOG RESCUE

Early in 2019 Big Dog Ranch Rescue responded to an urgent plea from a shelter holding dogs saved by Chinese monks from the horrific China dog meat industry. We dispatched a team, led by Lauree Simmons, to recover the animals. They returned from Asia on March 28 with 37 dogs and a new mission to prevent this inhumane treatment and to shed light on the cruelty. As our mission continued we worked through diplomatic channels, publicized the barbaric practice in global news media, and saved over 1000 dogs from slaughter houses and meat markets.

A year from after our first rescue mission and following intense pressure, the Chinese government has now officially reclassified dogs from livestock to companion animals. While this is not a ban on consumption of dog meat we are cautiously optimistic that this signals the beginning of the end of the trade including the horrific Yulin Dog Meat Festival.

We will continue to speak out against this cruel, soulless practice until the terrible tradition ends everywhere. In the meantime we have rescues waiting for their freedom flight to safety. These China dogs have been on standby for months having been fully health checked and vetted and will be safe in the states when global travel resumes. Many of these smaller breeds are unavailable at US shelters and find families readily awaiting their arrival and adoption.

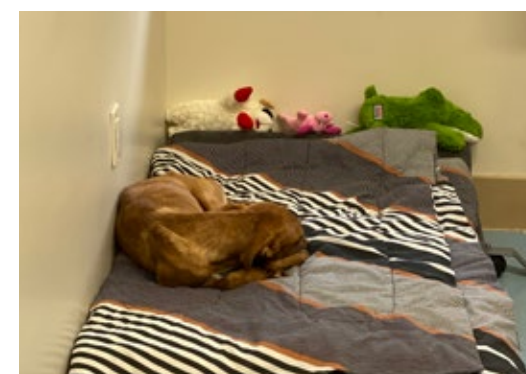

Nations First Animal Anti-Cruelty Bill Becomes New Law Big Dog Ranch Rescue Participates in White House Ceremony

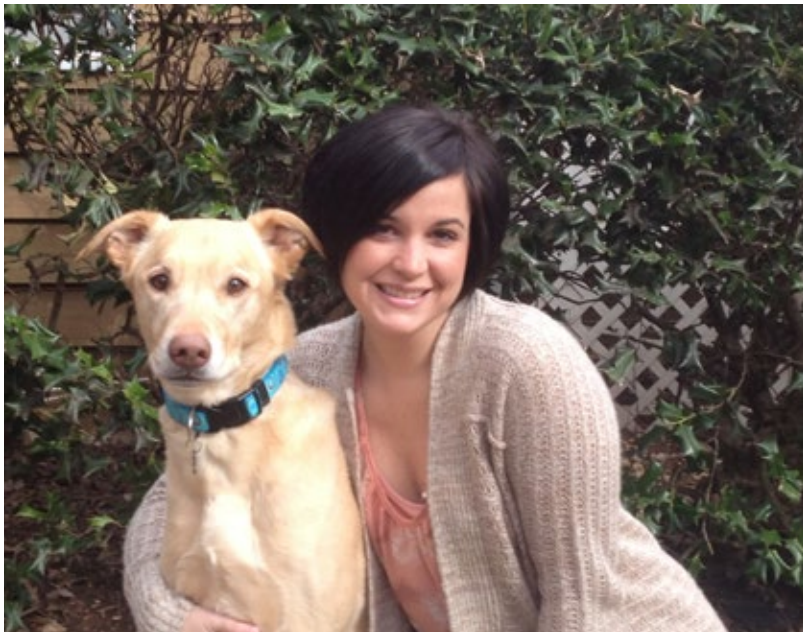

On November 25, 2019 President Donald Trump signed the "Preventing Animal Cruelty and Torture Act" that, for the first time, makes intentional acts of cruelty to animals a federal crime. As a leading nationally recognized advocate for animal rights and strong supporter of the measure, Big Dog Ranch Rescue Founder and President Lauree Simmons was invited to stand next to the President in the Oval office for this important ceremony. "I am so proud to be here and to be part of this event which sends a strong signal that cruelty to animals will not be tolerated in our country. Animals are precious gifts to us and members of our family and I thank President Trump and the members of congress who came together to pass this historic law protecting them." Simmons also encouraged the President to consider speaking with other countries to enact similar legislation with a focus on China where a vicious and inhumane dog meat trade is thriving.

MIRACLE STORY

For over 21 days and 21 nights, little Miracle held onto life from under thousands of pounds of rubble as Hurricane Dorian ravaged his home. While searching for survivors, Big Dog Ranch Rescue's infrared drone system picked up the heat of his broken body from under a collapsed building - and an air conditioning unit. When they finally pulled him out, he was alive - but barely. Having survived purely on rainwater, his body was skeletal. 50% of his body mass had been depleted and he was too broken and weak to move any portion of his body. Miracle is safe and has recovered beautifully and now is living happily ever . after with his lovely family, but his healing process both physically and emotionally was extremely extensive. He had to go through months of physical therapy - all while fighting his severe anemia and positive heartworm status. To this day, Big Dog Ranch Rescue continues to help urgent-care dogs like Miracle. We need YOUR help to continue rescuing, caring for, and treating these dogs. The Miracle Story is dedicated to helping urgent-care dogs like Miracle, who need medical treatments and support. All donations are for the many dogs that have been and will be saved. Thank you so much for your kindness and support.

BIG DOG RESCUE VETERINARIAN KATIE BILLMAIER, DVM

Dr. Katie Billmaier graduated from Ross University's College of Veterinary Medicine after earning her undergraduate degree in Biology from the University of Findlay in Findlay, Ohio. Before joining our team, Dr. Billmaier practiced in Northern Virginia and the metro Atlanta area and has also been a provider of in home euthanasia and hospice services. It wasn't until the past two years when she found her calling in rescue and shelter medicine. Her passion is being able to bring her years of experience in practice to help animals and clients in need who may not have received care otherwise. Combined with her love for shelter medicine and the beach, she found her forever home at Big Dog Ranch Rescue as our Medical Director. We look forward to the many years she will bring us in helping treat and save our dogs' lives.

What has been your favorite part of being the veterinarian at BDRR so far?

Putting in long hours and days of care and treatment to nurse an animal back to health and being able to watch them go to their new forever home is what makes every day at the Ranch worth it.

What made you decide to become a veterinarian?

Like many veterinarians, I have loved animals since I was a little girl. My senior year in high school I took part in a mentorship program for a semester shadowing at a local veterinary clinic and it was then that I knew there was nothing else I wanted to do except be a veterinarian. I never had a "Plan B" or backup plan because I knew this was the only career I could see myself in for the rest of my life.

What are the best ways to keep a dog healthy and happy?

Keeping a dog happy and healthy requires several things:

- + Routine veterinary care along with annual exams to ensure your pet remains healthy and protected from parasites and diseases.
- + A well balanced diet that is found in most commercial dry dog foods along with maintaining a healthy weight.
- + Daily exercise based on your pet's needs which may include: walks, swimming, running, fetch among many other activities.
- + Maintaining their coat with monthly baths or grooming services in addition to keeping their nails trimmed. Overgrown nails can cause pain and discomfort to your pet.

How many dogs do you help on average each week? (examples: surgeries, heartworm, treatments, shots, etc.)

At BDRR, we have over 500 dogs on property that we have to oversee and care for. While every week is different, on average we perform approximately 75 spays/neuters, 15 heartworm treatments, 100+ vaccinations and hospitalize and treat at least 1-2 patients for severe illness/disease.

What tips do you have for senior dog owners? How do they need to take care of their dog differently? What age is a dog considered a "senior"?

Senior pets hold a very special place in my heart and can require additional special care as they begin to age. The general rule of thumb in regards to the age your pet becomes a senior is 7 years old. However, this varies tremendously based on the size of your dog. Smaller breeds (i.e. Poodles, Chihuahuas, Shih Tzus) generally live longer than giant breeds (i.e. Great Dane, Mastiff) so they may not begin to show signs of aging until 10-12 years of age whereas a giant breed may show signs at 5-6 years of age.

Once your dog is considered a senior, it is ideal to have physical exams performed every 6 months by your veterinarian as well as annual bloodwork to ensure proper organ function. Our goal as veterinarians is to catch disease processes early while we can still manage and treat them as opposed to waiting until your pet becomes ill.

Your senior dog may require changes in diet, supplements, daily medications based on their aging process; all of which will be tailored to their needs by your veterinarian. Other essentials to consider, as the most common senior ailment is arthritis, are: more bedding, ramps, and floor mats to aid in their mobility and provide additional comfort.

2020 EVENTS

Saturday, June 6, 2020
7TH ANNUAL WINE, WOMEN & SHOES
Trump National Golf Club, Jupiter

Sip world-class wines, shop the latest fashions, participate in the Best-in-Shoe Competition while you enjoy an exquisite luncheon. Be dazzled by an energetic fashion show (and of course our famous celebrity doggie fashion show). Shop the runway looks as the fun continues around the pool!
